

## MEMORANDUM

To: All EPA, State, Tribe, & Local UST Regulatory Staff

From: Don Taylor, Chair of National Work Group on Leak Detection Evaluations (NWGLDE)

Date: February 1, 2019

**Subject: Next Meeting of the NWGLDE**  
Marriot Plaza San Antonio  
555 S. Alamo Street  
San Antonio, Texas 78205  
March 20-21, 2019

The NWGLDE would like to invite all interested EPA, State, Tribe, and Local UST Regulatory Staff to attend our next meeting of the NWGLDE. The meeting will begin at 8:00am, on Wednesday, March and end at 12:00 pm on Friday, March 22, 2018.

This is a great opportunity to learn about the latest developments in the area of UST leak detection. You are welcome to attend any portion or all of the meeting. I would highly recommend attending the Tuesday morning open session from 8:00am to 12:00 pm. During this portion of the meeting, vendors and/or evaluators are given the opportunity to make presentations to the work group. This is often an interesting and informative portion of the meeting. By the time the meeting begins, the vendor/evaluator agenda may be full. Updated revisions to the agenda vendor/evaluator presentation listing will be posted on our web site as the information becomes available:
